Calvin Anniversary.
Rev. J. G. Greig, formerly pastor of the Presbyterian Church in Bathurst and South Sherbrooke, returned to these congregations last Sunday and conducted anniversary services. At the morning service in South Sherbrooke the attendance was quite large while in Bathurst at 3 p. m. and 7.30 p. m. Calvin Church was filled to its utmost capacity. Mr. Greig, always a clear and forceful speaker, was on the anniversary occasion most interesting and his addresses were listened to with pleasure and profit.

Bank Manager to Stand Trial.
According to the evidence already given there were some queer doings with bank funds by the manager and teller of the Farmers Bank at Athens. The teller, Mervyn Forrest, has pleaded guilty to stealing \$500, and has given evidence against his old manager Robert E. Cugnan. Cugnan is charged with converting to his own use a sum of about \$9,000. Cugnan has been committed for trial before Judge McDonald at Brockville on the 21st, and is released on bail of \$16,000. Cugnan is also charged with falsifying the monthly bank statements.

It is Tough.
Rufus Woodmark of Smiths Falls has been confined in the jail for some months for the murder of his wife, and in the time of his incarceration there two of his relatives have been committed there for short periods. The first was a nephew for stealing a ride on the C. P. R. Then last week his daughter Vina was committed for a few days for the theft of a watch. Vina was later allowed to go on suspended sentence. Neither daughter nor father had a desire to see one another in jail and therefore did not meet.

May Get Into Trouble.
A day or two ago a couple of our young boys wheeled up the Scotch Line with their guns tied to their bicycles and stopped at Mr. John McDonald's barn at which several pigeons had been making their home all summer. The barn had considerable grain, etc., in it, and instead of the boys being sports and driving the birds out to shoot them, closed up the holes and went inside and fired away until they shot a good number. It is very lucky they did not set fire to the barn, as it would certainly have cost their parents a dear penny. As it is there may be some trouble over it.

Canned Goods Go Up.
Canned corn and peas will cost 25 per cent more this year than last year and more tomatoes 50 per cent. Grocers have received their notice of the increase from the Canadian Canners' Association. This will mean that corn, peas and beans, which were sold last year at three and in some cases four for a quarter will sell this year for 10 cents straight. Canned tomatoes, which sold three cans for a quarter last year, will be sold for two for a quarter in 1910. The canners' combine claim, according to the grocers, that the increase in price is due to the shortage of the crops.

Women's Institute.
The regular monthly meeting of the Women's Institute met Saturday afternoon in the Library Hall with a large attendance of ladies. The subject was "Meat" which was dealt notably by Miss Enid Robertson, instructor of Household Science Normal School Ottawa. Miss Robertson explained thoroughly the different kinds of meats, the different cuts and also their preparation for the oven or in whatever way they were to be cooked. She is a thorough master of the subject and the ladies moved a hearty vote of thanks to her for her excellent paper and talk, and hoped it might not be the last time she would be with them in a similar case.

Jewish New Year.
The Jewish new year, 5671, began at sunrise on Tuesday, and the event was marked with ceremonies in the big centres where Jews live in the thousands. It is always the occasion of a great religious revival among the Jews, or, at least, a revival of interest in religious things. It is a picturesque ensemble to witness, with all the men of the Jewish faith wearing the prayer cloth of their forefathers. The ceremonies are carried out according to the ritual laid down in ancient times. There is a general expression of joy, ushering in the New Year. The festive celebrations will continue three days. Thursday is the "Blackfast," the day on which all the sins are passed over. It is an equivalent to the ceremony of confession and absolution, and bears marked significance in the Hebrew calendar. The majority of the Hebrew stores in cities remain closed during the celebration.

Losses Leg by Corn-Cutter.
There was a heart-rending accident at Mr. Robert McFarlane's farm, second line of Drummond, on Monday morning, wherein Willie, the seventeen-year-old son of Mr. Charles Imeson, lost his left leg. Willie was working about the corn-cutting machine with his father at the time. Something had gone wrong with it and power was closed off, but the momentum of the fly wheel still ran the knives. Willie raised the cover of the cutting wheel, and the suction, it is thought, drew the leg of his trousers into the knives, when these pounded the limb to a jelly. Willie was taken into the house and bore up well and manfully. Drs. Hanna and Meighen were hurriedly summoned, and amputated the leg below the knee. He stood the operation all right, and on Wednesday was removed to his home about two miles from Mr. McFarlane's. While the accident is serious and painful, his parents and friends rejoice it was not worse, and trust Willie will soon recuperate from the shock.

Joe McPhail of Almonte was married to Miss Fanny Black, of Ramsey.

Teachers' Invention.
A bright seven-year-old boy informed his father he would have two holidays this week because of the teacher's invention.

Teacher's Association.
The Teachers' Association convened Thursday morning with a small attendance on account of wet weather. Full sessions are expected for this afternoon and Friday.

WHAT PEOPLE SAY.
That the Fair had a successful balance sheet.
That everybody may shoot ducks on McLean's Bay.
That the price of hair cutting has been reduced to 15c.
That the government auditors are at work on the town books.
That the grim reaper was working overtime in our midst lately.
That stockers and feeders are scarce and command some money this fall.
That the Fair people are to be congratulated in paying the prize money in full.
That unless the government auditors discover some graft, a few disgruntleds will be woefully disappointed.
That the high turban in the periwinkle blue shade of paillette ought to be a stunning headgear creation.
That a By-law will be submitted to bonus the collapsible box factory to the extent of \$10,000 on certain conditions.
That landlords with vacant houses should be prepared to meet prospective tenants from Milton with reasonable rents.
That it is seldom we have the privilege of hearing such big men mentally as President Falconer of Toronto University.
That the Town supply the Chief of police with rubber cape and cap for wet weather, instead of him carrying an umbrella.

SPORTING GOSSIP.
Mixed Foursomes.
Notwithstanding the high atmospheric pressure last Saturday afternoon, there was a good gallery watching the mixed foursomes on the Links 'O' Tay. The prizes were donated by Miss Hall and W. A. McKim. The results were as follows:—T. A. Code and Miss G. Code, W. A. McKim and Miss K. Mitchell, F. J. Naftel and Miss Armstrong, T. B. Wilson and Miss Danner, G. Wilson and Miss Campbell, Judge Senkler and Miss Hogg.

A Phenomenal Shot at Golf.
The passing of Mr. Fred McEwen last week recalls a feat performed by him on the Links 'O' Tay two or three years ago that is probably unequalled in Canada's golfing records. While three Perth players were holing out on the "Sunset" green, Fred drove from the tee and, spite of the fact that the distance was 230 yards on rising ground, the ball was driven so that it rolled over the green and into the hole in the presence of the three astonished Perthites, who would not have believed it possible had they not seen the performance. "Holing out in one" at such a distance will stand for a record here for a long time, we fancy.

Portugal now a Republic.
The most exciting foreign news of the week, or the year, is that Portugal has dethroned its king, Manuel, and has declared itself a Republic. The army and navy seem to have as a whole countenanced and assisted the Republican movement, which may now be said to be an established fact. Ex-king Manuel and mother are safe on board a British warship. Some bloodshed resulted from the movement, but the killed will number under one thousand.

S. S. No. 8. Elmslay.
Sr. 4th—1 Gladys Jacklin, 2 Freddie Acheson, 3 Albert McVeety. Jr. 4th—1 John McLaren, 2 Lulu Menzies, 3 Gordon Poole. Sr. 3rd—1 Alex. McMillan, 2 John Haveron. Sr. 3rd—1 Beryl McLaren, 2 Willie Jacklin, 3 Alma Poole. 2nd Class—1 Roy Haveron, 2 Norman Walker, 3 William McLaren. Pt. 1st—1 Ernest Croskery, 2 Ethel Jacklin and Earl Haveron.

LOCAL MATTERS.

Barbers' Notice.
Mr. Frank Olyne has reduced his price of hair cut to 15c.

House of Industry.
The committee governing the House of Industry met this week and bought ten stockers from Noonan Bros.

Property Sold.
The Oatway property on Gore Street, next to Fred Frae's grocery, was sold by public auction on Saturday last to Mr. McDonald of the Scotch Line.

Government Municipal Auditors.
In response to a petition circulated by Dr. McCullough and Mr. Stephen Bennett, two members of the Council, the Lieut. Governor in Council have sent two auditors to audit the town's books from 1909. The auditors are Messrs. Scott, brothers, of Toronto, who came on Friday last. They commenced work on Monday. This is the third time the town accounts have been audited. First the bank checked them over, then the town's own auditors certified everything correct, and now Government auditors are auditing the town's auditors' audit.

Fall Assizes.
Three cases are entered for the assizes which commence on Tuesday next before Chancellor Boyd. Two are civil and one is criminal. The criminal case is the crown vs. Woodmark for murder. The crown prosecutor will be E. A. DuVermet, K. C. of Toronto. Mr. C. J. Foy will defend. The civil cases are the Dominion Improvement Co. vs. Lally and the Canadian Electric & Waterworks Co. vs. Perth. A consent adjournment has been reached in the latter case, and it will stand over for a high court sitting at Brockville or Ottawa.

Paying Prize Money in Full.
The directors of the South Lanark Fair met here on Saturday evening to hear reports and consider details of the recent exhibition. Treasurer Jamieson and Secretary Stone had very commendable and acceptable reports to make. The finances were shown to be in an encouraging and satisfactory condition. The receipts were the largest in the society's history. They were so large and so good that the directors unhesitatingly and unanimously decided to pay the prize money in full. This will mean an extra expenditure of \$250, but the directors took the only fair and equitable way in paying 100 cents on the dollar when they have the money. Their action is a good advertisement for the society. Next year the society will get an increased grant from the Government, just on this account, and the increase may run to \$100. The directors also decided to pay the balance of the old note and interest to date. And after doing all this, they will have a nice working nest egg, besides the Kerness fund of \$1,100, working away at interest in the bank.

1848 ESTABLISHED 62 YEARS 1910
